PERRIAND GETS PERSONAL

When the exhibition *Charlotte Perriand* opens this fall at the Fondation Louis Vuitton in Paris, the work of the pioneering French architect (1903–1999) will be in the public eye. A more intimate story is told in the forthcoming book *Living With Charlotte Perriand* (Skira Paris, \$50). Edited by specialist François Laffanour, of Paris's Galerie Downtown, the volume is a field guide to Perriand's furniture as it appears in collectors' homes (above). —Sarah Medford
