WHAT BETTER WAY to breathe new life into a room than to refresh the walls? With famous fans such as Kate Moss, de Gournay's wallpapers are a good place to start. The hand painted Namban design (pictured), is a collaborative effort between de Gournay and Portuguese design duo Oitoempono. It is inspired by decorative oriental paintwork – in Asia, cranes are symbols of happiness and eternal youth. A positive note to begin the new year on.

From £1,175, degournay.com

Soohyung's crisp fragrances will diffuse any lingering odours
 DIFFUSER, £50, FENWICK.CO.UK

TEA TIME

William Edwards has supplied hotels such as Claridge's and The Connaught with crockery for more than two decades. Finally, we can now enjoy his creations at home too.
